Margasira of every year was accepted and interest at 4% was allowed thereon.

Out of the yearly interest of Rs 140 on the endowment, a scale of expenditure for Rs 130/- has been sanctd. and a savings of Rs 10/- per. annum for purchase of vessels etc -

The savings of Rs 280-8-5 out of the interest indicates that some savings should have been effected out of the provision of Rs 110/- for feeding in addition to the sanctd savings -

The Dy: Const recommends that the above savings may be added on to the original endowment -

It is a matter for consideration and orders whether the amount may, as proposed by the D.C, be added on to the original endowment, ~~and~~ which will give only 4% interest or invested in the 7% or 6½% State Loan.
